### **Timberhaven Drive south of Mandan gets a grade raise**

Mandan, N.D. – The Morton County Highway Department has begun work on raising the grade for Timberhaven Dr. S off of ND Highway 1806 south of Mandan due to rising water.

The project involves laying clay and gravel over approximately 1200 feet of the roadway to raise it one to two feet. This is Phase One of the road's grade raise project. Additional work will begin on the slope of the roadway, inflows, and culverts once the water recedes.

Approximately 1200 cubic yards of clay and 360 cubic yards of gravel were hauled in to raise the road. Construction has reduced traffic to one lane, and crews expect to complete the project on Thursday, July 12, weather permitting.
