## **Morton County seeking survey responses for parks and trails master plan**

Mandan, N.D. – Morton County is developing a county-wide parks and trails master plan. The planning process will include outreach to county residents and stakeholders to find out how well current outdoor recreation facilities are serving the public and what types of facilities might be needed in the future.

A link to a park visitors survey is available through the project web page [www.mortonplans.org](http://www.mortonplans.org). The county will use the information collected through the survey, and through stakeholder interviews, to identify top community needs/desires for outdoor recreation facilities.

The County will host public meetings May 20 (Mandan Eagles Park) and May 21 (Hebron Community Center) to gain input from the community about the best locations for proposed facilities as well as goals for the future of Morton County parks and trails.

The plan area includes the unincorporated portions of Morton County, outside city limits. However, any Morton County park users and stakeholders are encouraged to take the survey and participate in the planning process – regardless of where they reside.

Members of the public are invited to contact the Morton County Planning & Zoning Department directly (701-667-3361 or [natalie.pierce@mortonnd.org](mailto:natalie.pierce@mortonnd.org)) with any comments or questions regarding the Parks and Trails Master Plan.
